I won't be able to look at this until Monday morning. Is that ok?

All,

I put together a consultation letter for the Seneca Nation regarding Sandstone Development's Class II-R well. I pulled in some elements that Brian provided from another consultation letter. I didn't give the Nation a firm date on when we'd like to hear back about their decision to consult with us or not because I wasn't sure when this would make it to Diana's desk for signature. Please make changes as you see fit. I made it a OneDrive document for version control.

Thank you!
